Maths is important

How is maths traditionally presented - Whiteboard/visualiser, PDF, hand-written notes, viewed via BB/Canvas mobile website or app

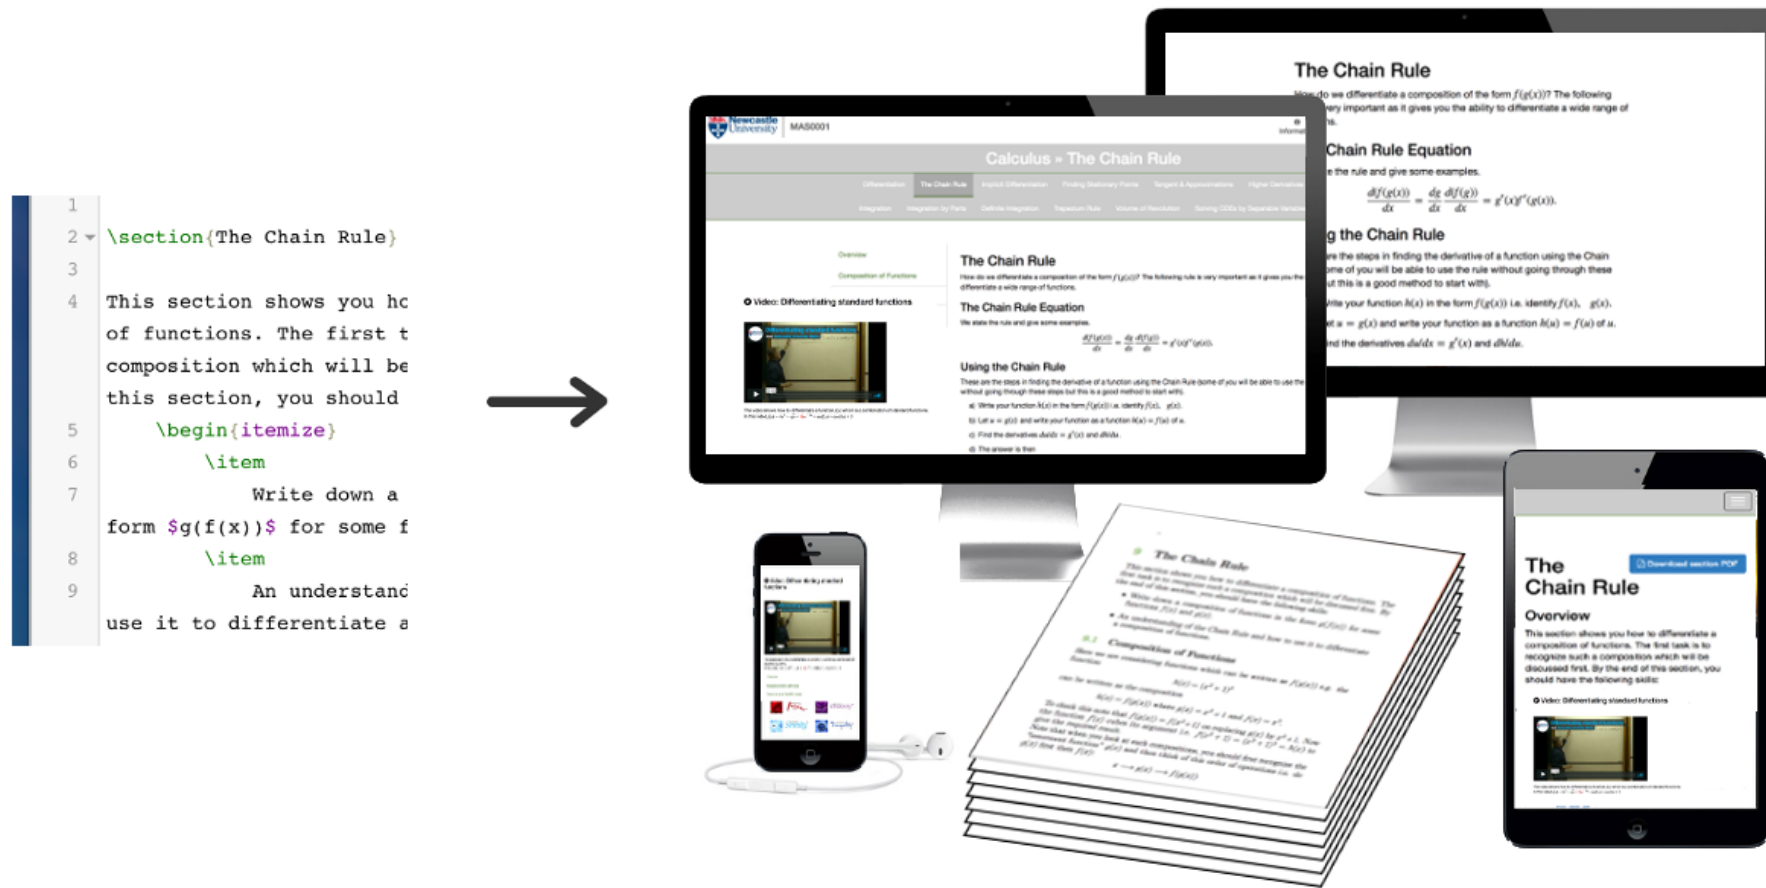

$$\int_0^{\infty} \frac{\sin(x)}{x} dx$$

# ABOUT COURSEBUILDER

Motivations:

- to support students with special requirements
- to offer flexibility for different devices
- to enrich lecture notes

The idea: to use a single source file to generate lecture material in a variety of formats:

The content for this page - in the format of slides, PDF and responsive web pages in multiple themes - is all generated from one file.

MATHS!
